Choosing a recommender

- Recommendations should be from people who are able to speak to your character, your Christian journey, and your academic or professional abilities. Many applicants choose to use **pastors, professors, supervisors, managers, colleagues, or denominational leaders.**
- Be sure to not solicit recommendations from family, someone that you only know in the capacity of friendship, or anyone that reports to you professionally.
- In the event that a recommendation does not meet the committee's requirements, they may ask for an additional recommendation that could prolong your application review time. If unsure, you can always run your choices by your admissions counselor.
